Thinking Out Loud

H. M. L.

Lucius Cary, Viscount Falkland, was born in England in 1610, was endowed with a brilliant mind, was a member of the House of Lords during the Long Parliament, and was killed in battle in 1643. He was only 33 years old when death came. But during his service in the House of Lords he uttered a principle of government which Americans may well ponder. At the end of a celebrated debate in which an attempt had been made to destroy root and branch Episcopacy, Lucius Cary said:

"If it is not NECESSARY to change, it is necessary NOT to change."

He there enunciated a rule that would stand many a man in good stead in the conduct of his private affairs, as well as in governing his exercise of the franchise. Roosevelt has changed and changed and changed, again, when it was NOT necessary to change.

The New Deal philosophy of change, is reflected in, and colors the huge list of initiative measures, referendums and constitutional amendments which confronts California voters. Interested groups have loaded the ballot with a hodge podge of ill considered legislation, bills framed by one group to injure another, bills proposing a remedy for conditions which could easily be remedied by exercising laws that we now have. Added to these are a number of silly and wicked measures which would add to the burden of the groaning tax payer. Out of 23 measures on the ballot the Nugget recommends a Yes vote on seven.

In making these recommendations the editor is admittedly influenced by the recommendations made by the Commonwealth Club of California. This group of disinterested and civic minded men has done more to improve legislation in California, more to better criminal procedure in the courts, more to raise legal procedure in general to a higher standard, and more to enlighten public opinion on all matters pertaining to the welfare of California, than any other group in the state. Since the effort of the single taxers again to place this measure on the ballot was defeated in the State Supreme Court, No. 2 heads the list of twenty three measures to be voted upon.

No. 2 To Repeal the Personal Income Tax Law. Vote No because—

In event it passed it would leave the legislature no recourse but to levy a state tax on real estate. The appeal of the proponents of this measure is to the effect that the legislature should be disciplined and forced to practice economy. It is held by taking away forever the power to tax incomes the law makers can be coerced into retrenchment. This is not true. The only way to discipline tax levying, spendthrift legislators is to cut off their heads at the polls.

No. 3 State Liquor Control. Vote NO.

The Commonwealth Club made no recommendation on this issue. But it should be defeated because it establishes in another form the same rotten liquor machine that the state now groans under with the Board of Equalization in power. It provides a state liquor triumvirate for eight years at $8,000 per annum each. If this measure were to be adopted it is a foregone conclusion that we shall have the same heaven-offending stench in liquor control that we have under the State Board of Equalization. Scandal will always be a concommittant of liquor control, but we prefer a number of small local stinks to a gigantic state cess pool.

No. 4 Prohibiting Tide Land Surface Drilling and Providing for Slant Drilling in State Owned Petroleum Pools. Vote NO.

Because this measure is being supported primarily by one oil company which will benefit from it at the expense of the people of California. Under the guise of returning a portion of royalties charged by the state for the oil recovered from the state owned pools, for the improvement of state parks, this company is backing a measure which will rob the people of about four times the value of the oil.

No. 5 Los Angeles Exposition Bonds. Vote NO because—

There are altogether too many expositions in this country. In our opinion this is another attempt of Los Angeles to hog the state. It was not long ago that a smartly uniformed

(Continued on Page Seven)

WOMEN'S CLUBS WILL CONVENE HERE SATURDAY

The Tri County meeting of the Federated Women's Clubs of Nevada, Placer and Eldorado counties will meet in Nevada City tomorrow. Fifty delegates are expected. The meeting will be an all day session which will open in the gymnasium of the Methodist church at ten o'clock in the morning with a business session and program. The Nevada City high school chorus under the direction of Mrs. Carl Libby will sing during the morning session.

At one o'clock the ladies will have lunch at Schreibers Cafe, a special luncheon planned by Mrs. Catherine Davis Michaelson.

At two thirty in the afternoon the ladies will again convene in the gymnasium of the church for the afternoon session.

Mrs. Carl Schnabel, president of the northern district of the Women's Federated Club of California will be the speaker of the afternoon. Mrs. Argyle Shero of Placerville, accompanied on the piano by Mrs. Geraldine Healy of Placerville will sing a group of solos. Mrs. Altina Raber of Placerville will lead the group singing.

The public is cordially invited to attend these meetings.

Mrs. H. E. Kjorlie is program chairman for the convention.

BURNED FUSE LEAVES CITY IN DARKNESS

Power and light went off last evening as a result of fuse blowing out on the Colgate power line of the P. G. & E. near the Buffington ranch on the Downieville highway. A small blaze was started. Rolfe Buffington discovered it and reported it to State Fire Warden Bill Sharp, who with a crew of men had little trouble in putting out the fire. The P. G. & E. also were notified and its crew arrived on the scene almost at the same time as the fire fighters. Power was off in Nevada City for two hours and 40 minutes.

SCOUTS MOVE INTO NEW HOME, SEAMAN'S LODGE

The Nevada City Boy Scouts have moved into their new home Seaman's Lodge and are preparing for a new year of scout activity.

Patrol leaders, Rozynski, Joyal and Widauf will inform their patrols of the troop objectives and will also set the time and place of their regular patrol meeting.

An added inducement for advancement is the winter camp set for the 16th and 17th of January 1937. This week end includes only those scouts who have become second class scouts and those scouters that have shown an active interest in the scouting program.

Troop registration is now taking place and must be complete by the end of the week. Scouts and scouters that have not registered should do it as soon as possible in order to keep their record constant.

Scoutmaster Verne Gleason will be aided by Assistant Scoutmasters Bob Tucker and Albert Pratti, in reorganizing the scout activity. They have set as their new objective the uniforming of the troop. This can be done in various ways, but it is hoped the parents that can equip their boys will cooperate in this move and that public spirited people who have odd jobs will contact either the scoutmaster or the assistant scoutmasters so that boys who haven't the means may in this way earn the necessary funds.

Any adult who has an interest in this scout activity and feels that he would like to devote an evening each week to scouting should contact Dr. C. W. Chapman, chairman of the troop committee. Scouting experience is not necessary. A genuine interest in boys and their proper growth is the only requisites.

Auburn spent Sunday in Nevada City visiting their parents, Rev, and Mrs. Buckner and Mr. and Mrs. R. Murchie.

PEACE DISTURBER GETS LECTURE FROM JUDGE

Judge W. L. Mobley settled a domestic altercation Wednesday by warning Walter Shepard of this city that any more disturbances such as the one that brought his wife to the court with a peace disturbance charge would result in something more than a lecture. Shephard may expect jail sentence if he appears in court again on a similar charge, said the judge. Shephard escaped Wednesday with the comparatively lighter punishment of a good, strong lecture by the judge.

ROTARIANS HEAR STORY OF BREAD

The Rotary Club at luncheon yesterday heard an interesting lecture on the value of bread in the diet illustrated by a spirited moving picture. The film story showed the antiquity of bread as the staff of life among the Chinese, the Arabs and biblical races. Modern scientific anaylsis of the food values of bread were also depicted.

The entertainment was offered by Tom Burke of the Standard Brands of California, a yeast manufacturing concern. Louie Kopp was the program chairman. Visitors were Will Durbrow, Harold Robinson, Mr. Ricksecker and Dan Stewart. Ricksecker is member of the Auburn Rotary club, the other three are members of Grass Valley Rotary.

VAN DE KOOLWYK IS ACQUITTED

T. Van de Koolwyk and George Grant, defendants represented by Attorney E. H. Armstrong were acquitted on the first ballot of the jury in Judge W. E. Mobley's court Tuesday morning when they were charged with conducting a gambling game called hot-cha. The jury agreed with defendants attorney that no gambling was proved as there was no exchange of value when Chief of Police W. G. Robson raided the place.

Chief Robson testified that he attended the game the first night it was advertised as open for business after the several evenings of "demonstration" games. Chief Robson stated that he paid fifty cents for a stack of fifty chips which he played on a so-called roulette game. He stated he won on the first play then played twice more and lost, receiving for his remaining chips, tickets or coupons. He said he had not received any cash for these coupons, in fact he had not asked for any.

The evidence for the defense was given by Van de Koolwyk, evidence consisting of a demonstration of the game on Broad street. The court, jury, court officers, attorneys and spectators went to the resort on Broad street and witnessed the demonstration.

Returning to the court room the case was argued and in about fifteen minutes after it was submitted to the jury they reported their verdict of acquittal.

The following constituted the jury: Carl Hieronimus, J. Canover, D. R. Paine, Beatrice Ott Hoge, Louise Polglase, Paul J. Kemper, Sam Bybee, George Carey, Christian Anderson, Frances Conover, Maynle Filles and C. A. Harding.

The resort has been running full blast since. Chief Robson was noncommittal as to his next move. The place has a city business license for a cigar stand but no license for conducting the hot-cha game. The city council refused such a license.

MUTUAL WATER USERS ENJOINED

An injunction restraining the San Juan Mutual Water Users Association, W. E. Moulton, W. P. Clerkin, Frank Homer and F. M. Harris and others from diverting water from the Shady Creek dam and the Pine Grove reservior on the San Juan Ridge for mining purposes, has been granted to Lindley C. Morton.

Morton had charged the defendants with dynamiting the locked gates of the dam to let out the water.

Superior Judge Raglan Tuttle presided in this case.

Morton's water rights and extensive hydraulic holdings in the San Juan Ridge section, North Bloomfield and North Columbia, have been bonded to the River Mines, Inc.

WINTER PROGRAM FOR CCC BOYS

A busy winter after a summer in which fire fighting was mixed with various kinds of conservation activities awaits 8000 CCC enrollees in 50 camps in the national forests of California. According to reports from U. S. Regional Forester, S. B. Show, San Francisco, the worst of the fire danger is over for 1936. For the fourth year hard fighting CCC boys have given their aid to the regular forest ranger forces to more than cut in half the average losses from forest fires in the national forests.

Settled in their winter camps until next April for the eighth enrollment period the boys will carry on more than 40 different kinds of conservation activities in the national forests. They will clear the dead wood and logs from 600 miles of roads to reduce hazards from fire next year; gather over 1000 pounds of tree seed for nursery planting and reforestation; control the ravages of the pine tree beetle on 6000 acres of forest, and assist in the conservation of eight concrete and steel road bridges in four of the national forests varying from 75 to 600 feet long. Three of the bridges will be built in the Klamath Forest, two in Sequoia, one in the Shasta and two in the Stanislaus. The boys will also commence construction of the debris dam 75 feet high on Caliente Creek, tributary of the Santa Ynez river in the Santa Barbara Forest, to protect Gibraltar Reservior from silt.

ELKS ALLEYS INVADED BY LOCAL AMAZONS

Tonight the Elks Ladies will start their bowling tournament and prove that they have really been down at the Elks Building alleys these last few days practicing all the tricks and twists of the game. The women are sure that they will become as proficient as their men relatives who these many years have felt that they reigned supreme over Elks alleys. The tournaments are going to be a lot of fun to watch if one can believe the reports of the lucky spectators of the practice bouts, even if the ladies don't turn up any world records.

If any women with men relatives in the Elks would care to join the happy throng listed in the teams below they should communicate with team captains.

ROSTER

Libbey team: Libbey, Mrs. Marian; Anderson, Mrs. Gwendolin; Bagley, Miss Nellie; Peterson, Miss Thelma K.; Schreiber, Miss Eleanor.

Hoge team: Hoge, Mrs. Beatrice; Elliott, Mrs. Ailene; Penrose, Mrs. Ovaline; Siegfried, Mrs. J. F.; Wilson, Mrs. Beth.

Tamblyn team: Tamblyn, Miss Ruth; Widauf, Mrs. J. P.; Sawyer, Miss Miriam; Hawkins, Mrs. W. J.; Finnegan, Mrs. Virginia; Uren, Mrs. E. C.; Buck, Mrs. Elizabeth; Merriam, Mrs. Sue.

SCHEDULE OF GAMES

Friday. Oct. 30, 7:00—Libbey vs. Wright; 8:30—Hoge vs. Tamblyn.

Friday, Nov. 6, 7:00 p. m.—Libbey vs. Hoge; 8:30 — Wright vs. Tamblyn.

Thursday, Nov. 12, 4.00—Libbey vs. Tamblyn.

Friday, Nov. 13, 4:00—Wright vs. Hoge.

SCHOOL PARTY

Miss Gertrude Goyne, of the Washington school staff, is entertaining her first grade pupils with a joyous little party at school this forenoon. The kiddies have made many Hallowe'en motifs and paper bag masks will create a lot of amusement. Some time is to be spent in playing games after which Miss Goyne will pesent each child with a gift of candy.

Chamber Head Says Nix On Indian Entry In S. F. Bridge Race

The exhuberance of the Sacramento Chamber of Commerce publicity promotion staff received a minor set-back when Fred Conner of Nevada City's Chamber of Commerce refused to enter an Indian runner in the race for the Bay Bridges opening on November 12. Consideration for the Indian, no doubt, as to the importance of that type of publicity for his city, and a wholehearted belief that a prominent display of the information that "Nevada County's annual output of gold totals 7,000,000 or more dollars a year" would be the best kind of publicity for the community, lead Conner to his action. Below the Nugget reprints the two letters, the burning appeal from the Sacramento organization and the answer by Conner.

Mr. Fred E. Conner, President,
Chamber of Commerce,
Nevada City, California.

Dear Mr. Conner:

Yop have seen in the press where a unique publicity feature is being sponsored in Sacramento in connection with the San Francisco Bay Bridge Opening Celebration. This publicity will be of direct benefit to the major communties in the Golden Empire.

Briefly, the idea embraces the scheduling of various forms of transportation in such a manner that all will reach the Oakland entrance to the bridge simultaneously on November 12—the first day of the celebration. Sacramento is starting an ox team hitched to a Mexican cart. We have written the Grass Valley Chamber suggesting that it enter an Indian runner. Perhaps you will wish to tie in with this community. Other communities will provide stage coaches, miner and burro, pony express rider, horse and buggy, various types of automobiles, high-wheeled bicylcles, etc., as well as Indians in canoes down the Sacramento river.

Both the Columbia and National Broadcasting Systems have agreed to follow each of these "conveyances" and periodically announce to the public the location along the route of the entrants of the various communities. In this way each city having an entrant of some type or other will tie in on the celebration in such a manner as to give it direct publicity.

The cost is nominal. If you were to enter an Indian runner, you would merely take care of the cost of his maintenance. Each community participating in this way makes it possible for us to set up certain prizes from our own fund which will be really worth while, thereby giving you an opportunity to derive a benefit, in addition to the publicity which will accrue. The amount of the prizes cannot be determined until we get the complete set-up and know how many communities are participating. Therefore, don't figure your profit to come from prize money but rather from the publicity—that you have a real premium at the end of the publicity feature.

On Thursday, our Handicapping Committee will meet to give each community its handicap, based upon the type of transportation selected. For this reason, it is VITALLY important that we know not later than Wednesday morning whether or not you wish to participate. Either send us a wire or get us on the telephone if you wish more details.

The San Francisco Bay papers are all anxious for this feature and will want photoghaphs of not only the start but will probably have photographers along the route to catch the entrants as they are in course of their progress. Every news service in the west is awaiting the opportunity to capitalize this unique feature.

We wish we could see you personally and emphasize how much value there is to your participation, particularly in view of the nominal expense item involved.

Please let us hear from your IMMEDIATELY.

Very truly yours.
ARTHUR S. DUDLEY,
Secretary-Manager.

October 29, 1936.

Mr. Arthur S. Dudley
Secretary-Manager
Chamber of Commerce
Sacramento, California

Dear Mr. Dudley:

"For goodness' sake, no!" said the young lady, when asked by her gentleman friend for a kiss. "What good would it do?"

I am answering your letter of October 27t immediately as you requested, therefor I shall not be enabled to present the contents of your letter to our members and directors until next Monday evening, which is our regular meeting night.

Yes, we are, at all times, seeking constructive and economic publicity but somehow your suggestion, to me, doesn't sound altogether in order. I personally don't believe an Indian boy in running togs, sprinting from Nevada City to te Bay bridge would be of much valued publicity to us; feeling sure that by the time he got there he would be so out of breath that he couldn't tell the people where he came from, and, too, I do not believe the laws of the Indian reservations would allow one of their men to run over a hundred miles without stopping. However, if my good friend, Lowell Freeman, President of the Grass Valley Chamber of Commerce, would care to make this sprint to the end of working away some of his superflous energy, I would be very glad to pace him the entire distance with my own car, and as evidence of good faith in my proposition I shall send Mr. Freeman a copy of this letter.

Although I do not have the authority from my directors. I believe, from a publicity standpoint, the board will agree with me in the stand I am taking and would be willing to finance, in preference a sign properly displayed before the multitude, reading as follows:

"Nevada County's annual output of gold totals 7,000,000 or more dollars and is where more capital is needed."

Seriously Arthur, I am a bit curious to know how in the world you are going to reconcile the speed of the modern stream-lined cars with the minimum speed of 120 miles per hour and airplanes that will float 240 miles per hour with ox drawn carts, stage coaches, bicycle riders and Sacramento river canoes and have them all arrive at the zero hour in Oakland, November 12th. However, I know that you and Roy Clair have done almost the impossible in the past and I am hoping that our gang will be enabled to assist in loading the grandstand to witness what which in my mind, will be one of the greatest spectacles accomplished on land or sea.

With my personal regards to both you and Roy.

Yours very truly,
CHAMBER OF COMMERCE
Per F. E. Conner, President.

CANINE NUISANCE KILLED

Tuesday forenoon Charles Ninnis, of the local police force, called Sheriff Tobiassen to assist in killing a wild police dog owned by W. J. Shepherd, at the old turpentine plant just off Clay street, when a complaint was phoned in. The animal had been killing chickens and was a general nuisance. Neighbors had become afraid of him. Chief of Police Garfield Robson stated there were several dags in the pack in the district and as complaints came in he had killed all but this big animal. Mr. Shepherd wanted to keep it.

EVENING SONG SERVICE AT TRINITY SUNDAY

The Rev. Charles F. Washburn, rector of Trinity Episcopal church, announces that the service at Trinity on next Sunday will begin at 7:30 o'clock p. m. A special musical program under the direction of Mrs. Oakley Johns will be rendered. This is one of the regular monthly musical programs to which the public is cordially invited.

J. F. Dolan left Thursday for San Francisco on a business trip.

SUBSCRIPTION RATES

One year (In Advance) $2.50

Going Up

The New Deal spending jag is running the American citizen into the hole. Each family's share of the debt is $1,048, 55 per cent greater than in 1933. Hidden taxes have increased 157 per cent. For every dollar it receives the government spends $2.12.

The deficit is cared for by the issuance of bonds which must be redeemed by taxes assessed upon the citizens.

Dirty Work

Vandenberg's speech, using Roosevelt's voice in transcription records, was most effective. Of course Farley objected, calling it dirty work. But ever since Roosevelt broke the promises of the Democratic platform his voice has persisted in the ears of the nation: "I accept it, one hundred per cent." More dirty work.

Opposite Ideas On Civil Service

Under the Roosevelt administration Federal employes protected by civil service have dropped from 80 per cent to 60 per cent and 250,000 employes have been added to the Federal payroll. That shows what Roosevelt thinks of civil service. Here is what Landon thinks as he expressed it in his acceptance speech:

"The convention pledges the party to the merit system and to its restoration, improvement and extension.

"In carrying out this pledge I believe that there should be included within the merit system every position in the administrative service below the rank of assistant secretaries of major departments and agencies, and that this inclusion should cover the entire post office department."

KIRSTEN FLAGSTAD TO SING IN SACRAMENTO

Special seat sections are being reserved for groups of school students from various parts of Northern California for the concert to be given by Kirsten Flagstad, Metropolitan soprano, November 4 in Memorial auditorium, Sacramento.

Arrangements for group seating may be made at Ye Music Shoppe, Sacramento.

Mme. Flagstad, world's leading soprano singer of Richard Wagner's music, has two famous Wagnerian selections programmed for her concert. They are "Elsa's Dream," from "Lohengrin," and "Du Bist' Der Lenz", Sieglinde's aria from "Walkure."

Many selections from Strauss will be sung, including "Ich Lieve Dich." "Bright Night (Grieg) and "Spendthrift" (Ernest Charles) are other well known songs included in the 16 numbers programmed.

This will be Northern California's only opportunity to hear Flagstad, since her San Francisco opera season is sold out. Tickets are on sale now at Ye Music Shoppe, Sacramento.

BIG HALLOWE'EN DANCE SATURDAY AT N. SAN JUAN

There will be a big Hallowe'en dance tomorrow (Saturday) night in North San Juan, under the auspices of the San Juan Ridge Improvement League. Special jazz music will be provided for the occasion. The dancers may wear masks or not as they please. During the evening a special brand of hamburgers will be served along with coffee, from 8 o'clock on. Twamley Memorial Hall where these popular events are held will be specially decorated with Hallowe'en symbolic and traditional adernments.

DEMOCRATIC RALLY

In Grass Valley's Memorial Hall this evening the Democratic forces will hold a rally. Before the rally there will be parades through the street of Nevada City and Grass Valley. Speakers this evening will be John Lewis, Revenue Collector of San Francisco, and Gus Helm, assistant United States district attorney, also of San Francisco.

The budget is not the only thing in Washington that is not balanced—there are still a lot of professor-theorists there.

Secretary Wallace paid millions of dollars to sugar growers to produce less sugar. Now comes the U. S. army and buys a million pounds of sugar from Java—a big help to the American farmer.

ENTIRE STATE TO TAKE PART IN BRIDGE OPENING

SAN FRANCISCO, Oct. 29.—Chambers of Commerce over the state, both city and county organizations, are expected generally to participate in the November 12, 13 and 14 Rainbow Fete in this city heralding the completion of the San Francisco-Oakland bay bridge. The rainbow hues, violet, blue, green, yellow, orange and red, official celebration colors, will dominate in the decorative plan.

Among outstanding features of the celebration will be two spectacular parades, a day parade on November 13 and a night parade and electrical pageant on November 14.

The Citizens' Committee in charge of the fete today extended a formal invitation to the various commercial organizations of the state to participate, requesting that, so far as possible, reservations for grand stand seats for the parades be made in blocks by te various organizations planning to visit the celebration.

No Trespassing or Hunting Signs. PRINTED ON CLOTH. For sale at The Nugget Office.

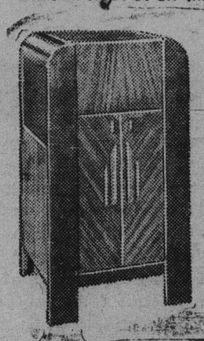
LONERGAN Fireside HEATER
The new Lonergan Fireside Heater will become one of your most prized possessions because it is so far advanced in design and efficiency. Yet the surprising initial cost is no more than the old-fashioned trouble-making coal burning stove and it burns the most economical fuel oil.
Just think! No ashes! No dirt! No bother! A clean, humidified uniform heat at all times. What a wonderful convenience!



Above: Model C4 Fireside Heater is a combination circulating and radiating type heater.

The Lonergan is a complete self-contained heating plant that includes burner, oil tank and accessories. Needs only to be hooked up to the flue for operation. Many exclusive features including the famous Lonergan Solar Flame and the patented Lonergan Tapered Heating Chamber. Let us show them to you.

NEW STOVE GIVES 'DIRECTED' HEAT

The "latest word" in heating stoves, according to Carol Coughlan of Alpha Stores Ltd., is one that burns fuel oil and gives either circulating or radiating heat, and in addition can be adjusted to direct heat wherever it is most needed. It is known as a "heat-director."

"Users of these stoves," said Mr. Coughlan, "are enthusiastic not only because of the ease with which clean, steady heat is maintained, but also because adjustable shutters on three sides of the stove make it possible to direct the heat toward the floor at any angle desired, thus warming the part of the house that usually is the most difficult to heat. Warm floors are especially valued where there are small children or elderly persons.

"The heat-director is what might be styled a 'three in one' stove. When the shutters are all open, radiating heat is supplied and when closed the heat is circulated, and to this is added the convenience and comfort of directed heat. The only connection required is to the chimney."

POULTRYMEN FIND IT'S EASY TO SAVE MONEY

A poultryman, who struggles along earning a profit of about $80 per month, had occasion to take his rickety old car into a garage in Sacramento. He spent about $35 on repairs in order that it might negotiate another 2,000 miles if handled tenderly. While he was in the garage a state employe strolled in to get his state car. They were acquainted and during the conversation the state employe exclaimed:

"Why don't you get a new car?"

"How can I" asked the poultryman, "when I only earn about $80 month and have to support my family on that?"

"The trouble with you fellows is" declared the state employe, "you never save money when you have it."

The poultryman reflected a minute then said: "Now let's see I earn $80 a month. Your salary working for the state is—?

"$350 a month."

"And your wife's salary working for the state is—?"

"250 a month."

"And your daughter's salary working for the state is—?"

$175 a month."

"And your son's salary working for the state is—?"

"180 a month."

"Ah," said the poultryman, "If my metal arithmetic is O. K. that makes a total of $855 a month in salaries that your family is paid by the state of California. I help pay it. I rather think if my chicken business paid myself and family, and they work too, as much as you are receiving, I would be able to save money."

MABEN HILL MINE

The shaft is down 100 feet at the Maben Hill mine south of Grass Valley and near the Stockton Hill property. Good ore is being mined. The same interests of New York City, that are reopening the Rising Sun mine south of the Idaho-Maryland mine, are mining and developing the Maben Hill, and Thomas Coan is also superintendent of this property.

HOME REMODELED

Thomas Lawrence of the Lawrence Motor Service, east of Nevada City is re-modeling the house nearest his shop by adding two rooms and other conveniences. Mr. and Mrs. Lawrence plan to erect a number of small three room cottages for rental within the next few months.

COUNTY TAXES FOR 1936

The taxes on all personal property secured by real property and one-half of the taxes on all real property for the fiscal year beginning July 1, 1936, and ending June 30, 1937 will be due and payable on the 2nd day of November, 1936 and will be delinquent on December 5, 1936, at five o'clock p. m., and unless paid prior thereto eight per cent will be added to the amount thereof, and if said one-half be not paid before the April 20, 1937 at five o'clock p. m., an additional three per cent will be added thereto. The remaining one-half of the taxes on all real property will be payable on and after the January 20, 1936, and will be delinquent on the April 20, 1937, at five o'clock p. m. and unless paid prior thereto three per cent will be added to the amount thereof, together with a further charge of fifty cents for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the County Court House, Nevada City, California.

FRANK STEEL,
County Tax Collector.
County Court House, Nevada City, California.

REPUBLICANS TO GIVE INDIANS SQUARE DEAL

SAN FRANCISCO, Oct. 30.—A square deal for the Indians of California was assured yesterday by John Hamilton, chairman of the Republican National Committee, in a letter to Richard W. Barrett, campaign chairman of northern California Republican Campaign Committee.

"Records in California and other parts of the United States," wrote Hamilton, "reveal that the administration of Indian affairs is visionary and incompetent and has ignored the fundamental rights of the Indians.

"The Indians are citizens of the United States, entitled to the same rights and privileges as other citizens. Their trust funds and vested rights are sacred trusts and must be so regarded by the Department and Agents of the Government of the United States.

"Indians who have meritorious claims against this government should be given their "day in court" under legislative authority that will properly protect the just interests of the Indians and the government as well. This authority should include representation by counsel chosen by the Indian claimants.

"The Republican party is pledged to protect such rights and to accord such privileges."

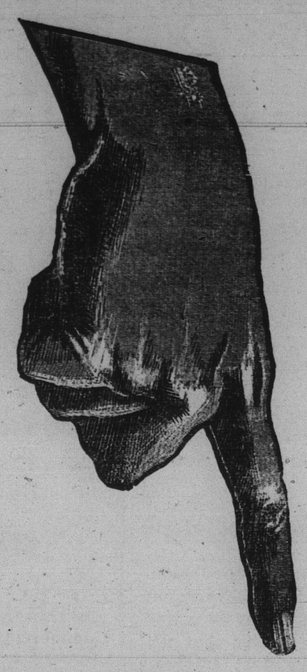
Chain Stores Ask You Not To Raise Price



VOTE NO

NEXT TUESDAY ON NO. 22 on the BALLOT

• •

Vote NO because you do not want to raise the price of food and clothing that you buy.

• •

Vote NO because you do not wish to let one group of merchants punish another.

• •

Vote NO because this tax is not for revenue, but a club to compell chain stores to sell at higher prices to you.

• •

Vote NO because this measure hits some chain businesses and exempts others, such as service stations, theaters, etc.

• •

Montgomery Ward

AUBURN, CALIFORNIA

J.C.PENNEY CO. INC.

GRASS VALLEY, CALIFORNIA

ON TO VICTORY VALUES—We are presenting to you quality merchandise that would not be possible except through our 1500 store buying power. Don't let a small group of jobbers and merchants fool you into voting to raise the price of goods that you Mr. and Mrs. Consumer have too buy. It is too bad that this group can't close up all chain stores. If there were no chain stores in Nevada City of Grass Valley what kind of a town would we have? Your answer next Tuesday I know will be a NO on No. 22, The Tax on You.

For Every Occasion!

DRESSES

Genuine domestic capeskin with full clipped rabbit fur lining. Adjustable strap wrist. Value!

Of Necessities. Vote NO Tuesday On No. 22

STATE ASSEMBLY SPEAKER OPPOSES CHAIN STORE TAX

SACRAMENTO, Oct. 29.—Warning that the new form of taxation proposed under Proposition No. 22, the Retail Store License, constitutes "a very dangerous threat to the little fellow" Speaker Edward Craig, who presided over the assembly at the last session of the California legislature, today urged defeat of the measure at the November election.

In speeches before various organizations in the last year Senator Craig has explained his opposition to the tax and pointed out that it may lead to dangerous consequences. In his statement outlining his position on the issue, Craig today said:

"I was among those members of the last session of the state legislature who voted against passage of the chain store tax, now on the election ballot as Proposition No. 22. The reason for my vote at that time and also why I am still against this measure is that it opens up a new avenue of taxation which may lead to consequences not now foreseen.

Craig was among the legislators who opposed enactment of the chain store tax. As speaker of the assembly he heard all the arguments pro and con when the bill was under consideration at Sacramento and reached the conclusion that the proposed legislation was unsound.

Having established a new tax source, the state legislature might easily, at future sessions, increase the rate of the tax or extend its scope to include other lines of business. It strikes me as a very dangerous threat to the little fellow."

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Oct. 28.—Mrs. Elizabeth Fraser and Mr. and Mrs. Chas. A. Jones of Cambell arrived this past week. Mr. Jones returned but the ladies, both former residents will spend a couple of weeks at their old home here.

The fire which burned furiously in the Alleghany section a few days ago holds the record of being one of the hottest of the season, being mostly due to the high wind which accompanied it. Two of the local Missouri CCC boys narrowly escaped death in the flames. The official car of Ranger Frank W. Meggers caught fire and was almost destoyed, the contents containing valuable property was burned. The sides of the large red fire truck were also scorched. One of the CCC boys sustained second degree burns when he stepped into a burned out stump hole. The boys have had the first two days of the week off to recover from the strenuous fire fighting.

Fred J. Joubert and Acton M. Cleveland spent most of last week at San Francisco as delegates to the Grand Lodge of Masons.

The DeLain family from Joplin, Missouri who have been visiting their son Ramyond in the local CCC camp left Saturday for Fort Bragg.

In a previous column in this paper it was stated in error that the late Joseph Sommers passed away at Berkeley. He passed away at his old home at his ranch in the Mill creek district. He had recently been in San Francisco on a visit, but came home, immediately took sick and shortly passed away.

Mr. and Mrs. Buck Wright have moved from the Sommers ranch to the Halkyard house on Spring street.

James Fisher was in town Monday—he is preparing to close his property here for the winter.

Mrs. Harry Johnson who arrived a short time ago from Chicago to visit her husband at Garden Valley, left recently and returned to the east.

Eugene H. Hays who recently underwent an operation at a Marysville hospital is recovering.

Mrs. Sadie A. Joubert of Oakland who spent the past week as guest at the Joubert home at Oak Valley left for her home Monday.

Lee Bullington spent several days last week at Mohawk repairing and installing a water tank for Mrs. Louise Knickrem.

Charles Donnelly of the Magnolia mine and Mr. and Mrs. Jack Donnelly of the True Grit mine rushed to Oakland Monday called by the death of their father the late Jno. C. Donnelly.

Ralph Gleason, who spent the summer here as Assistant Forest Ranger, was shifted to foreman of the local Missouri CCC camp. The assistant rangership is a part time position open during fire season. A shift of other officers placed him in as foreman of the local camp. He has worked in this capacity before and is well fitted for the place.

Jesse Moomey of Grass Valley is taking the place with the Standard Oil Company of Charley Greene who is on his vacation.

The local Forest Service headquarters recently switched to winter schedule, laying off the patrolmen and telephone dispatcher and assistant ranger until next fire season. The recent damp weather with showers made it possible to do this.

HOTEL OWNERS HIT INCOME TAX

The California State Hotel Association, through its newly elected president, A. H. Price of San Francisco, today declared itself as favoring the personal income tax measure, Proposition No. 2, on the November ballot.

This measure repeals the present personal income tax and prohibits the state legislature from levying any future income taxes without the vote of the people, thus protecting taxpayers in the lower income brackets from taxation without their consent.

Endorsement of Proposition 2 was made at the hotel association's convention in Coronado.

"The hotel men of California," Mr. Price said, "are alarmed at the reckless expenditures in our state government. Passage of this income tax measure will serve notive on our state administration that the people demand economy instead of more taxes.

"The present income tax brings in comparatively little revenue. But it does discourage outside capital from entering California. Records shows that 10 per cent of the tourists coming to California remain here permanently. They will not do so under our present, and threatened future, tax system. A professional man or middle class wage earner is taxed by the state with no exemption for earned income. The businessmen must pay four separate taxes before he can even begin to realize a profit on his investment. And the law permits the legislature to add further taxes at any time. You can be sure that while this law is in existence, the legislature will use it to boost taxes rather than economize in the cost of government.

"Something must be done to show the state administration that the people demand economy in government. Proposition 2 offers the voters their first chance to serve such notice. Florida, our greatest competitor for tourist travel and permanent settlers of means, prohibits a personal income tax except by vote of the people. California must do likewise if it is to meet this competition."

Ed Hansen and brother in law, Ras Rasmussen of the bay district are visiting their brother, Leo Hansen in Nevada City.

Mr. and Mrs. Fred Smith, who formerly operated the Vogue Press Shop on Commercial street, left for Placerville Sunday to make their home.

PEACE OFFICERS WILL SHOOT

The Nevada-Sierra County Peace Officers Association will meet today at the highway patrol office at Hills Flat where they will shoot on the pistol range. After the meeting they will go to the Union Hotel in Nevada City for dinner. Sheriff C. J. Tobiassen of Nevada county is president of the association.

LETTERS OF ADMINISTRATION

John Larue and Jones and Finnegan attorneys for petitioner have filed a petition for Mrs. Mary Martin widow of the late Paul Martin for letters of administration of the estate, value claimed to be $500.

GOOD SERVICE COSTS NO MORE

A modern establishment—a trained, intelligent and courteous personnel—distinctive motor equipment and other evidences of progress and prosperity are NOT an indication that funeral service charges will be high. A successful concern can be built only by serving honestly and well, at prices that are fair and reasonable.

CIVIC CLUB ENDORSES CO. PROBATION PLANS

The Nevada City Woman's Civic Club held a most enthusiastic meeting Monday evening.

Attorney Frank Graves of Yuba City in a most interesting and live manner explained the amendments and propositions to be voted upon at Tuesdays election to the club members and guests. He aroused much lively discussion and the ladies evidenced a keen interest in having accurate knowledge of the measures upon which they were to cast their votes. Mr. Graves urged every one to vote on Tuesday. It was an altogether most enlightening discussion and the ladies greatly appreciate Mr. Graves' coming here to address them.

Preceding Mr. Graves talk the club held a short business session. Mrs. Beverly Barron gave a report of the committee work on the play "The Dover Road" to be presented at the Nevada Theatre by local talent on Tuesday night, November 17 under the auspices of the Nevada City Woman's Civic Club.

Mrs. Arthur Hoge, Sr., chairman of the committee consisting of herself, Mrs. George Gildersleeve and Mrs. DeWitt Nelson, gave a report of plans for the Tri-County convention to be held in Nevada City all day tomorrow.

The club voted to send a resolution to the next meeting of the County Board of Supervisors endorsing the plan of the County Probation Committee to have the county provide adequate accomodations and care for probation cases. The Civic Club believes with the probation committte that probation cases should not be taken care of at the jail or in rooms provided at the court house. It was announced that Judge Tuttle believes that the probation cases should be cared for away from the court house while the case is pending, that the jail environment was no place to hold the young persons concerned. It is advocated by the County Probation Committee and endorsed by the Civic Club that adequate rooms in the new wing of the County Hospital be reserved for this purpose.

Al Smith is neither a straddler nor a dodger. He did not straddle campaign issues in his noteworthy speech and he did not dodge the duty of declaring his preference as to the candidates. He boldly and courageously declared for Landon.

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 10, No. 94 Nevada City, California The Gold Center

What About the Price of Gold?

No less a political leader than Senator McAdoo started the story that if Landon were elected President he would cut the price of gold.

CONGRESSMAN
HARRY L. ENGLEBRIGHT

At a rally and dinner of the Republicans of Nevada County in Nevada City last Friday night Congressman Harry L. Englebright, Republican whip in the House of Representatives, and probably the next Republican Speaker of the House, spiked this story by quoting from Landon's telegram to the Republican National Convention.

"The answer to the question that has been raised," said Englebright, "whether Landon would reduce the price of gold below $35 an ounce, is absolutely NO."

The Congressman then quoted Governor Landon. Regarding the sound money plank in the Republican platform, Governor Landon in his wire stated:

"The convention advocates a sound currency to be preserved at all hazards. I agree that the first requisite to a sound and stable currency is a balanced budget. The second requisite, as I view it, is a currency expressed in terms of gold and convertible into gold."

"I recognize, however, that the second requisite must not be made effective until and unless it can be done without penalizing our domestic economy and without injury to our producers of agricultural products and other raw materials."

"Governor Landon there serves notice on the country," declared Congressman Englebright, "that he left the door open to raise the price of gold, but his statement precludes any possibility of lowering the price of gold."

Personality

"Now what is personality?"
Said Charles Augustus Pease,
"Some say I have it, some say not,
So just what is it, please?
Aunt Hulda says it's pulchritude,
But mother answers, 'no;'
Then what is personality?
I'd really like to know."

I used to think it meant fine clothes,
Chic and a formal air;
But some who have those very things
Aren't getting anywhere;
I long to scale the dizzy heights
Of popularity,
So tell me how I may acquire
True personality.

Said one to me with confidence,
"You must have wealth and fame,
The social register should sport
Your great ancestral name;
You must win honors in the schools,
Both here and over sea;
It takes a lot of building up,
Does personality."

Another said, "those things might help,
Perhaps at times they do;
But if they were essential, son,
There'd be no hope for you;
However, personality
Springs from a source within;
It animates the great man's voice,
The news-boy's ready grin.

It lives in words and deeds sincere,
In gracious service too;
It isn't something one spreads on,
It's something that shines through.

—A. MERRIAM CONNER.

C. M. GWIN, GUEST SPEAKER

C. M. Gwin, on the local staff of the Tahoe National Forest service at Nevada City, was a guest speaker at the Grass Valley Lions dinner meeting last evening at the Bret Harte Inn in Grass Valley. He was introduced by program chairman, Alvon Jones. Mr. Gwin's topic was "A Thumb Nail History of the Forest Service as Pertaining to All Districts." The subject proved very interesting and many important facts were brought out.

STATE OF CALIFORNIA, DEPARTMENT OF PUBLIC WORKS, DIVISION OF WATER RESOURCES, SACRAMENTO.

NOTICE OF APPLICATION TO APPROPRIATE WATER APPLICATION 8763

NOTICE IS HEREBY GIVEN, That El Oro Mining Co., Room 226, 68 Post Street, San Francisco, California has under the date of August 14, 1936 applied to the Division of Water Resources, Department of Public Works, State of California, for a permit to appropriate UNAPPROPRIATED water, subject to existing rights.

DESCRIPTION OF PROJECT

Water to be appropriated from South Fork of Steep Hollow Creek, County of Nevada.

Amount applied for: 12.5 cubic feet per second.

Diversion season named: January 1st to December 31st of each season.

Water to be used for mining and domestic purposes.

Point of diversion within Lot 4 of Section 4, T 16 N, R 11 E, M. D. B. & M.

Place of use described: Within SW¼ of SW¼ of Section 13 and SE¼ of SE¼ of Section 14, T. 16 N, R 10 E, M. D. B. & M.

Water will be returned to Steep Hollow Creek in NE¼ of SW¼ of Section 14, T 16 N, R 10 E, M. D. B. & M.

RELATIVE TO PROTESTS

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permit shall within Sixty days from date hereof file with the Division of Water Resources, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of protestant's land or place of use and point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

EDWARD HYATT,
State Engineer.

Dated: Sacramento, California, September 28, 1936.
Oct. 9, 16, 23, 30.

THINKING OUT LOUD

(Continued from Page One)

gang of Los Angeles policemen bamboozled the mountain county sheriffs into permitting them to patrol the county and state borders. This was one of the most high-handed outrages against American citizenship in history. The Owens River Valley crime also lies at the door of this corrupt metropolis. When Los Angeles asks for anything it is good reason for all honest citizens to turn thumbs down.

No. 6 Amending Los Angeles City Charte. Vote NO because—

It is merely a measure to supplement No. 5.

No. 7 County and Municipal Civil Service. Vote NO because—

It would blanket into civil service all the present employes in county and the municipal government and thereafter nothing short of dynamite would ever part them from the public payroll. It pretends to put into effect a merit system, but as a matter of practice the great majority of county and municipal employes now hold their jobs as a result of merit. If elective public servants or their subordinates fail to serve satisfactorily, the voters can ease them out of office at the polls without a costly lawsuit, as is now the only recourse in case of state civil service employes.

No. 8 Registration of Voters. Vote NO because—

This measure, were it adopted, would again throw into the hands of the state legislature the power to tamper with registration laws. The law as it stands today provides for permanent registration. It is opposed by a few newspapers because under the old system of registering every two years the taxpayers paid thousands of dollars for printing that has now been rendered unnecessary. This measure should be defeated if for no other other reason than it will save tax payers a huge unnecessary burden.

No. 9 Local Option. Vote YES because—

It will make communities, cities and counties responsible for liquor conditions in their own confines. It will give the honest and reputable liquor dealer a chance to conduct a decent, orderly business, and eliminate the present drunk rolling and pick pocket competition. If any scandals arise the home town folks can take care of it. The liquor revenue that is now drained out of the county in the way of licenses and permits, that now go to fatten swivel chair patriots in Sacramento, will mostly remain in the county and the city. It is a good measure and no respectable liquor dealer has anything to fear from it.

No. 10 Motor Vehicle Fuel Taxes and License Fees. Vote NO because—

This initiative bill would protect for all time the Deisel oil burning, road hogging trucks. Truck owners never would be obliged to pay more per gallon for Deisel oil, which carries them two to three times as far as gasoline, than do the owners of passenger cars per gallon for gasoline. On the average it gives the heavy trucks three times the mileage for the same price that the passenger car owners now pays. It is essentially unjust and discriminates in favor of one of the worst causes of highway accidents, and one of the most unmitigated nuisances on God's green earth.

No. 11 Teacher's Tenure. Vote NO because—

The teachers themselves have turned thumbs down on this inquitous, tax eating proposal. It provides a State Tenure Board to the tune of $4,000 each per annum. It is another one of those sly, slinking weasel propositions that looks pious and sanctified, while it pilfers tax payers' money.

No. 12 Court of Criminal Appeals. Vote NO because—

This is another one of those appeals to the emotions that result in costing the tax payer his shirt.

It is estimated conservatively that if this court were created it would cost the state taxpayers $100,000 a year. The proposed appellate court of criminal appeals could do noting that cannot be accomplished by the courts as they stand today. We have no doubt that every scoundrel in California would welcome the creation of another court.

No. 13 Eminent Domain, Water Resouces. Vote YES because—

It simply extends and simplifies the present statutes governing this subject. Anything which shortens the route to public improvement and conservation of national resources, rather than blocks it by endless and expensive litigation, puts money into every citizen's pocket.

No. 14 Consolidated City and County Government. Vote YES because—

Whenever it seems economical to the electorate in any county the voters may consolidate city and county governments. San Mateo is a county where this proposal is receiving serious consideration.

No. 15 Relief of Assessment Districts. Vote YES because—

It is merely an enabling act to provide any local improvement district means of widening the limits of the benefitted area, and provides that bonds may be serviced from Federal funds. It is especially designed to take advantage of Federal road fund grants.

No. 16 Water Districts and Water Conservation. Vote YES because—

It amends the state constitution to permit county or city treasurers to transfer funds for paying interest and principal on bonds issued in their jurisdiction by political subdivisions.

No. 17 Computing Taxes and Unsecured Property. Vote YES because

It would make lease holds taxable property and make the tax rate on personal property the same as though it had been secured by lien on real property for the previous year.

No. 18 Oleomargarine Tax. Vote NO because—

With all due respect to the farmer, this is a tax to force poor people to buy butter when they can buy a nutritious and far cheaper substitute. This bill in California is a division of a nation-wide movement on the part of dairy interests to force the poorer class of people either to buy butter or go without anything on their bread. Until now it has been defeated in California and should be again.

No. 19 Legislative Printing. Vote YES because—

By compelling a wide dissemination of knowledge regarding bills introduced in the first part of the legislature's bifurcated session, the people will be able more nearly to appraise correctly the value of pending legislation. As matters stand now the bifurcated session of the legislature proves of little assistance in informing citizens regarding the work of the law makers.

No. 20 Publicly Owned Museums or Art Galleries. Vote NO because—

This is a measure which would confer on boards of supervisors and city councils broad and unusual powers for making new contracts—new in respect to legislative powers. Such contracts might be made to run for one hundred years and there never would be a legal way of abrogating them, since states are forbidden to impair the obligation of contracts.

No. 21 Penal Institutions and Punishments of Female Felons. Vote NO because—

This proposal would return the management of Tehachapi prison to the same board that chose the very undesirable site for that women's prison and would add thousands of dollars to the tax bill for supporting criminals. This bill is far too large as it is. There is no special reason why female prisoners should have a special board to supervise them.

No. 22 Retail Store License (Referendum). Vote NO because—

As the Commonwealt Club report remarks: "It should be defeated on the single indictment that it is an improper use of the power to tax. The chain store tax is admittedly not a revenue measure, but is designed as a weapon to destroy competition in the merchandising field." It's proponents claim that it is a blow aimed at an un-American monopoly. If this is true, the way to deal with it is by regulatory laws and not by punitive taxation.

No. 23 Public Service Commission. Vote NO because—

Because this bill, purporting only to change the name of the Railroad Commission to the "Public Service Commission" has been repudiated by its own authors, and "inadvertantly" eliminates the present provision in the law which fixes the term of office of the commissions at six years.

No. 24 Charters of Cities and Cities and Counties. Vote NO because—

Under its provisions the people would be asked to vote on a new charter without knowing its provisions, and it would permit two opportunities for rejecting a new charter, thereby making it doubly difficult to secure changes in the city government.

SOCIAL EVENTS

Hallowe'en and Birthdav Party

Mrs. R. Taylor of Coyote street is preparing to entertain with a Hallawe'en party Saturday afternoon in honor of the birthday of her little daughter, Nedra Taylor. Ten little guests have been invited. Artistic decorations and gay little Hallowe'en motifs will be used in profusion to add to the happy affair.

St. Agnes Guild Guest of Mrs. Uren

Mrs. E. C. Uren was hostess to St. Agnes Guild at her home on Broad street yesterday afternoon. Mrs. Uren is president of the guild.

Mrs. Clemo Hostess to Gold Flat Club

Mrs. C. C. Clemo of Gold Flat entertained the Gold Flat Thursday Club most delightfully yesterday afternoon. After the business session several hours were spent in social converse and fancy work. Hallowe'en decorations were used throughout the cosy rooms and on the table. The centerpiece on the prettily arranged table was a large pumpkin cut so as to represent the usual large grinning face.

Forty were present last Thursday evening when the club entertained their husbands at a delicious dinner and jolly party in Seaman's lodge in Pioneer Park.

Miss Adeline Deason and James King Wed

The many friends of Miss Adeline Deason and James King of this city were taken completely by surprise, early this week, when they motored to Reno, Nevada, Monday and were married.

The attractive young bride is the daughter of Mr. and Mrs. Jack Rondoni of Sacramento street. She has lived here for several years and has been attending the Nevada City high school.

The groom came from Nevada state about two years ago and has made many friends in this city. He is in the employ of one of the local mines. They have returned and will make their home in Grass Valley.

Sunshine Circle is Luncheon Hostess

Sunshine Circle of the Ladies Aid Society of the Methodist church entertained at a one o'clock luncheon Wednesday afternoon. After a short business session a delightful time was enjoyed as the Rose Buds of the past year were revealed and new ones drawn for the coming year. Over fifty ladies were present for the delightful affair which is looked forward to with keen anticipation each year.

Gay Hallowe'en decorations and motifs and autumn flowers were used in profusion decorating the large church parlors adding charm to the happy scene.

SHANGHAI RESIDENTS VISIT HAROLD DEETERS

A visiting Texas oil executive of Shanghai, China was so favorably impressed by the activities and the scenery in Nevada county that he expressed a hope of coming to make his home here in later years. The oil executive was Ernest Clements, a visitor at the home of Mr. and Mrs. Harold Deeter this week, and cousin of Mrs. Deeter. Mr. Clements and his wife had not seen the Deeters for years and stopped here to make their visit en route to San Francisco from whence they will sail home to Shanghai.

NO OPEN SEASON FOR PHEASANTS

A message dated October 26, 1936 has been received by Captain A. H. Willard, of the fish and game commission, from Inspector S. H. Lyons of the Sacramento patrol district. "Orders have been sent to the county clerk of Nevada county closing the pheasant season in the entire county. Would you see that proper publicity is given to this."

The game clubs of Nevada county had requested the closing of this district in regard to killing pheasants as they claim there are so few in the district it is hoped that by closing the season this year will give the birds a chance to become established and multiply.

Empire-Star vs. March, et al. Default matter.

Personal

J. B. Powell, who fell at the Spanish Mine Monday, is recovering at the Nevada City Sanitarium from his injuries. He was severely bruised when breaking ore in a chute. The rock started moving and jammed him against the wall partially covering him. Dr. B. W. Hummelt made an X-ray examination and found no bones broken.

Ernest Brisebill, Jr., is suffering from a broken arm, which will keep him from work for several weeks. He was up on a ladder that slipped letting him fall. Both bones were broken in his right arm above the wrist.

The new home of Dr. B. W. Hummelt is being painted. The furnace is being installed, and after a few other small details have been arranged they will be able to move in about another month.

Thomas Stephens of the German Bar mine on Moores Flat passed through Nevada City yesterday enroute to the lower country. He stated everything is shaping up well for his property.

John Bardill, operator of the Defender mine at Pine Grove, Amador county, was a business visitor in Nevada City Tuesday. Mr. Bardill operated properties in this district before going to Amador county.

Charles F. Ayer and Bill Allen came up from Smartsville yesterday to spend several hours here on business. Mr. Ayer is one of a group interested in the Interstate Land Holding company of Boston. Mr. Allen is manager for the company in this section and the local properties comprise 45,000 acres in Yuba county near Smartsville, land in Scoots Flat and the Manzanita Diggings, northeast of this city.

Roy Deeter, whose eyes were seriously injured by an exploding carbide lamp, Wednesday morning while at work as shift boss at the Ragon mine, is in the Jones Memorial hospital for treatment. Deeter was holding the lamp when it exploded without warning.

Lawrence Carter, contractor of this city has been about on a crutch for several days, having received a sprained ankle while at work.

Rev. J. P. O'Reilly was a Sacramento visitor Wednesday atteneding a Day of Prayer for Peace, service held by a group of priests. He met Father J. J. McGary a former resident of this district, now of Maxwell. Father O'Reilly spent last week in a tour of Sierra county visiting in Alleghany and several other towns on his trip.

Mrs. C. W. Reed, of Grand Junction, Colorado, is visiting her son, Dr. W. W. Reed in Nevada City and is registered at the National hotel.

BABY CLINIC WELL ATTENDED

The first Well Baby Clinic, sponsored by the Washington Grammar School P. T. A., was held in the Methodist church parlors yesterday from 9 to 4 o'clock and 35 preschool age children were examined under Dr. Emmaline Banks. She was assisted by Mrs. William C. Perry, trained nurse; Mrs. Isabel Hefelfinger, county health nurse; Mrs. W. E. Young and Mrs. J. P. Muscardini.

These clinics will be held once each month free of charge, the mothers receiving advice and instructions as to care of babies. The children from tiny infants to children too young to enter school are examined, weighed, and food, and habits suggested.

The P. T. A. is quite pleased with the attendance of mothers, babes and children. There were English, Italian, Austrian, Chinese and Indian children in the group, one tiny three months old Idian boy being carried in a papoose basket by his mother, Mrs. Albert Johnson.

Mrs. Hefelfinger states she wants all mothers to feel free to bring their children for these examinations, the aim of the organization being better little bodies to make healthier men and women and do away with much unnecessary illness and suffering.

PIONEER CELEBRATES HER 87TH BIRTHDAY

Mrs. Mary Guenther revered pioneer of Boulder street celebrated her 87th birthday yesterday, family members and friends calling to wish her many happy returns of the day.

Her parents, the late Mr. and Mrs. H. Schneider came to Nevada City from Missouri in January 1856. Mr. Schneider was a butcher and built a shop and apartment where the Elks hall now stands. It was burned in the big fire of July 1856 and they built a home where Ronald Fraser resides on Boulder street.

Mrs. Guenther has seen many changes in this city and can relate the many interesting and amusing incidents. She moved to her present home with her husband, the late Henry Guenther, 62 years ago, where their children were born and reared. She was the recipient of many lovely gifts yesterday.

TO ANSWER FOR THEFT

Earl and Jack Dyer, charged with stealing beef on Gold Flat recently, came up for their preliminary hearing before Judge W. L. Mobley yesterday and were bound over to the superior court.

GOES AFTER CHECK WRITER

Bill Wood, deputy sheriff, left today for Chester, Wyoming to return with E. E. Langfair wanted by Nevada county authorities for issuing fictitious checks. His arrest was made through a warrant issued by Sheriff C. J. Tobiassen.

gon mine, is in Jones Memorial hospital suffering from severe injuries to his eyes. Wednesday morning a carbide lamj, at the mine, exploded while he was holding it.

Fenton Fleming and E. Neilson, of Sacramento, visited friends in Nevada City Sunday. Mr. Fleming states his brother, LaMar, who is at Baguio, Philippine Islands, has received another important promotion in his work.

NEW TODAY

TOO LATE TO CLASSIFY

FOR RENT—Apartment of 4 rooms and bath. Inquire Box R, Nugget Office. 10-30-tf

LOST—Thursday night, dark brown ladies' handbag between Nevada City Nugget office and the Nevada Theatre. Contains pair of tortoise shell spectacles. Finder return to Nugget office and receive reward.

LUMBER TALKS

Old Pluvius stared hard at me
And smiled a wicked grin,
"If you don't mend your roof," said he,
"I'l let the rain drops in;"
Go get some shingles, nails and paint,
Be quick about it too;
I'm oiling all my spiggots now
The rainy season's due."

We agree with the lines above and will be glad not only to take care of orders herein suggested but any other items either in building materials or lumber—and will do so promptly.
